SMOKE DETECTOR

Not only should you change batteries during the time change, but every 10 years replace your smoke detector. Also, carbon monoxide detectors are now required in your homes.

CRIME PREVENTION TIPS

DO NOT BECOME COMPLACENT

- Always be aware of your surroundings-even at home and shopping! Watch for suspicious acting people.
- Identify theft continues to be a threat. Do not leave checks, credit card or bank information overnight in any mailbox outside of the post office. Shred any

personal information before discarding.

- Home Invasions continue. Use dead bolt locks and keep doors and windows locked, including the inside garage door.
- Watch for anyone following you home while you are walking, biking or driving.
- Car theft and vandalism is the #1 crime in our area. Always secure your vehicle doors, windows, hood and trunk and use your car alarm when possible.
- Put all packages and valuables out of sight including telephones and garage door opener, bags, purses and wallets.
- Use caution when wearing extravagant jewelry.
- Lock both your car and inside garage door. Keep

garage door closed.

- If you must park outside your garage, an alarm helps to scare thieves.
- Pay attention to all alarms.
- Keep your purse close to your body or use your pockets.
- Never attach a tag with your name and address to a key ring.
- Teach your children not to open any door to strangers.
